Dear Allen:

I want to express my appreciation to you and your staff for the wonderful job and excellent results following our major fire loss. After sifting through the ashes and talking to several adjusting firms, we selected your company to help us prepare and adjust this claim. Our decision was strengthened when both our accountant and our attorney recommended your company over everyone else.

I am firmly convinced that it would have been impossible to achieve the settlement that we did on our own. From the beginning, I was impressed with the professionalism and the painstaking effort that was undertaken. These efforts resulted in an adjustment far greater than my initial expectations.

Please thank everyone in your organization for a "job well done". Feel free to use our company as a reference for your fine efforts and valuable service.

Very truly yours,

John Kchikian  
President
