Thank you for representing Genesee Towne Centre, Inc. in its hail damage claim with State Farm Insurance, your assistance was invaluable.

We had all but given up pursuing the claim as a result of difficulties in documenting the extent of the damage the timing of the damage.

We believe that both your knowledge of the insurance industry and your position as an "independent" third party allowed us to receive a favorable settlement.

We will not hesitate to recommend Adjusters International to anyone that has suffered an insured loss.

Thanks again for your assistance, please call if there is anything we can do for you.

Sincerely,

Tom Kaper
