Dear Mr. Frank Candido

I am writing in regards to the Insurance settlement that you helped me with, I would like to begin by expressing my gratitude for your indispensable assistance. When my building burned and I found out my fire Insurance had expired, I thought my situation was inescapable. I thought all was lost, but thanks to expertise advise and thoroughness you helped me to receive all that was rightfully mine under my policy. Every aspect was covered and you understood all the fine print that I never would have been able to. Thank you once again for your help and the professional manner in which the business was conducted.

Thank you
