30 July, 2013

Hi Kevin,

I want to let you know that Travis and I were saddened to hear about your loss. It touched us deeply because we suffered a fire 2 1/2 years ago and we know how devastating this is.

When our fire happened we were so overwhelmed and weren't sure what to do since we had never been in that situation before. We were inundated with fire restoration companies and dealing with our insurance company became very frustrating (even though a personal friend was our insurance agent).

I would recommend looking into public insurance adjusters. The best decision we made was to work with Adjusters International. They helped us (All Rite Products) and my father-in-law who owns the building (Kage Investment Properties) recover from our losses. Attached is my father-in-law's letter of reference.

When you reopen we would like to send you some product to stock your shelves at no charge. Just let me know.

Sincerely,

Stacey Gates
