Adjusters International
400 Oyster Point Blvd., Suite 519
South San Francisco, CA 94080

When my investment property in West Jordan, Utah suffered a devastating fire in October 2011 we were surprised at how difficult it was to get our insurance company to respond and provide the proper insurance benefits. I am so blessed to have met you, Clay Gibson and Rino Benenati. Without your team at Adjusters International I would not have fully recovered from my loss.

After the fire we were concerned the roof was going to cave in and the exterior walls were going to collapse. The walls needed to be shored up before someone got hurt or the entire building collapsed. We were skeptical about hiring Adjusters International in the beginning, as we had never dealt with a Public Insurance Adjuster before and were not sure what you could do for us.

Thankfully we decided to hire you and your firm to help us evaluate the building loss and get our insurance company to settle at the proper amount of funds to rebuild. It was apparent you and your team knew what you were doing. Thankfully with the help of Adjusters International we were able to recover much more than would have been possible on our own. Your skill and speed by which you navigated our claim was tremendous. Adjusters International is the 800-pound guerilla we were glad was on our side.

If you run across any other skeptics please have them call us for an outstanding reference. Your team is tremendous and we would be happy to refer anyone to you that is at the mercy of an insurer. Your company is top rate!!

Sincerely,
