Dear Joe;

Now that my insurance claims are settled, I wanted to take this opportunity to thank you and your accountant Adam Sisson for your hard work and support. Without your expertise and assistance, I doubt that I would have been able to reach a fair settlement with the insurance company.

The fire was very stressful for me and I doubt that my business would have survived if I had to deal with all the people and demands of the insurance company. The adjuster's outrageous ideas of what my loss entailed, and how I should go about rebuilding my business showed a lack of understanding on her part. Thankfully, I had you there to help me fight for what was right.

I will recommend you to anyone who has an insurance loss like mine. If any of your potential clients care to contact me, I would be glad to tell them how valuable of a service you have provided.

Thank You,
