Dear Arnie:

Just a note to tell you how terrific you are! When people have problem that they are not familiar with they need an expert. Having this fire was a real experience for me and without you would have been a disaster. The job you did was more than I ever expected. I hope you understand when I say I hope I never need your services again, but heaven forbid, I ever do I wouldn't hesitate to call you.

THANK YOU.

Sincerely,
