Re: Abramson, Arnold

Dear Sirs,

This is to state that after our recent fire on April 18, 1984, in our medical offices, that we received devoted, conscientious care and concern from Mr. Abramson. We could reach him by telephone whenever there was any type of problem, and the problem was taken care of now. I cannot praise the job he performed for us enough.

With grateful appreciation, we are,

Very truly yours,

Norman E. Rubinstein, M.D.
