Dear Al,

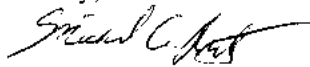

I am writing to let you know how grateful we are for the excellent work done by Adjusters International on our fire claim. Thank you for everything that your team accomplished for us during the process.

When Style Line's Lockport, Illinois manufacturing facility was destroyed by fire we were devastated. During this very difficult time, your team of professionals, including Howard Mishne, Rich Stoutenburg and Kyle Vandebussche managed the entire claim process with minimal involvement on our part. This allowed us to determine our options and make the best business decisions moving forward.

As for the settlement of our claim, we could never have achieved the amounts Adjusters International obtained if we handled the claim ourselves. Howard was relentless when dealing with the insurance company, after they tried to exclude significant sums of money from our claim.

Thank you again for all of your efforts. Feel free to have prospective clients contact me for a reference.

Sincerely,

Michael Rutz
