Dear Kyle,

I cannot thank you and your team enough for the outstanding job you did in adjusting and settling our insurance claim. When our home was destroyed by a fire, my wife and I had no idea how complicated the claim process would be. Thankfully a friend recommended I call you right away and you immediately secured the resources we needed to mitigate our loss and worked tirelessly to negotiate on our behalf with our insurance company to expedite our claim.

I know it was not easy and the insurance company did all they could to minimize and delay payments. I don't know what we would have done without your expertise as you and your team definitely helped us through one of the most difficult times in our lives. To anyone who has experienced a loss and needs to file an insurance claim, I highly recommend Kyle Vandebussche and his team at Globe Midwest Adjusters International.

Sincerely,
