Dear Steve,

I'm writing to let you know that the long nightmare is drawing to a close. Our lawsuit against our insurance company for their bad faith in handling our insurance claim is over and we won!

It is amazing to me that we literally had to go to war with United Fire Group. This company took our money in premiums every month with the promise that they would be there for us if the worst happened. The worst DID happen, and nothing could be further from the truth! Every step of the way there was disappointment, delays, lowball offers, etc.

Not only was I awarded compensatory damages to make them pay me for my expenses, but the insurance company was punished with **punitive damages** because of the "**willful and wanton disregard for the rights of another...**" Punitive damages are intended to punish and discourage the insurance company and others from like conduct in the future. It is a **very big deal** for these kind of charges to be proven and awarded. It would not have been possible without the guidance of Globe Midwest Adjusters International and their adjuster.

I owe a great debt of gratitude to the team at Globe Midwest! At first, it took me months to realize I couldn't get the insurance company to deal fairly with me. Eventually, even my insurance agent said we should get outside help in dealing with this company! You stayed with me, calling repeatedly to check in and offer reassurance that help is available through your company when I had enough of the carrier's nonsense. I hired Globe, and can say now that I wish I did it at the beginning of the claim. Your team more than doubled the insurance company's best offer and got it paid! Even more than that, your adjuster was the expert witness on our behalf in the law suit, and played an outsized role in the happy conclusion.

Feel free to have anyone call me to hear firsthand what a bad idea it is to go into a large insurance claim without your own professional help. I recommend Globe Midwest Adjusters International for the excellent results and professional services that made all the difference for me and my family!

Sincerely
