06/22/09

To whom it may concern,

One year and four months after our fire on February 15, 2008, the reconstruction project is complete. Without Greenspan & Co., and especially the services of Jessica, we would have gone through massive bureaucracy and fear-based hell. Instead, things remained reasonable and logical and every time we got nervous or felt panic coming on, Jessica at Greenspan calmed us down, told us what we needed to do, and helped us do it.

I have recommended Greenspan to friends caught in the Bonny Doon fire of last year and would not hesitate to do so in the future.

Thank you Greenspan, and thank you Jessica, for making what could have been one of the worst experiences of my life tolerable and in its own way, quite easy.
