RE: VETERINARY DIAGNOSTIC LABORATORY
Fire Repairs

Gentlemen:

Allen L. Bender, Inc. retained the Greenspan Company as its insurance adjuster on referenced project.

This was our first project on which a loss had occurred. Greenspan proved to be beneficial in assisting us in dealing with this loss.

The loss totaled over \$4.6 million dollars and was settled rapidly, and with a minimum amount of work on our part.

Allen L. Bender, Inc. would recommend the use of Greenspan on projects such as ours.

Sincerely,

ALLEN L. BENDER, INC.
