Re: Mary's Lake Water Treatment Plant Fire

Dear Sir:

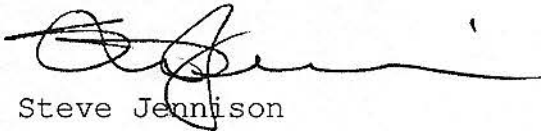

Please accept our thanks for the professional job you did in the preparation and presentation of the insurance claim in Estes Park.

We had no idea of the complexity and diversity of the process involved in the settlement of a Builder's Risk claim, especially since we were 95 percent complete when the fire occurred, you and your people were able to make sense of our policy, put all the pieces together to make us whole, and put the owner at ease.

Feel free to use us as a reference in the future with contractors, or any others who may suffer a complex loss.

Sincerely,

JENNISON CONSTRUCTION COMPANY, INC.
