Dear Bill,

We have mailed your check in final payment for your help with our disastrous fire loss of June 12, 1989, and wish to thank you and your staff for your untiring assistance in seeing our claim to conclusion.

While it is unfortunate that a court was required to force payment by the insurer, your knowledge of the industry and loss adjustment practices contributed substantially to the final outcome.

Please do not hesitate to use my name for reference. Anyone who suffers a loss of this nature should avail themselves of your services without delay.

Sincerely,

Ted Falasco  
President
