October 7, 2002

Chris,

I would just like to extend a belated thank you for all of your efforts made on our claim against Royal. We got paid on Friday, and I guess there was still a little bit of doubt in the back of my mind that something might go wrong up until the last minute, especially after seeing how Royal and their ace attorney acted throughout the entire adventure. But, now that is all behind us and it is finally over.

We were all impressed by your work and we know that we could not have finished this claim without you.

Hopefully, when we speak again in the future it will be under better circumstances.

Again, a big THANK YOU from everyone at Orca Bay-

Regards,
