Dear Mr. Greenspan;

On behalf of the Board of Directors and myself I would like to express our sincere gratitude for the outstanding job performed by you and your exceptionally competent associates.

As I expressed to you when we agreed to have Greenspan Company represent our firm, Sun Dry needed a timely settlement and the maximum amount allowable under the terms of our policy. It pleases me to know that your firm exceeded our expectations on both accounts. In reviewing the final settlement I would conservatively estimate that the total payment we received, because of your expert knowledge and tenacious pursuit of a fair and equitable settlement, resulted in an additional fifty percent more than we would have obtained if we would have attempted to settle without your help.

As a token of our appreciation for your excellent performance, I would be willing at anytime to meet or converse with any perspective Greenspan client to explain your services and give testimonial to the many benefits we received by contracting with you to represent our interests. Thanks again for a job well done.

Sincerely yours,

D. Jim Davis
