To Whom It May Concern,

I recently experienced a fire at my business location and was overwhelmed by the amount of paperwork required to file the claim. I had no idea where to start. Thankfully, I was introduced by an acquaintance to Kenny Taylor with The Greenspan Co./Adjusters International. The people there put me at ease, and assisted me with my claim right away. Their tireless efforts in obtaining a complete inventory of my losses was more than I could ask for. Their experts were able to sift through the rubble and find information on items that I would have never been able to find on my own.

I would recommend The Greenspan Co./Adjusters International to anyone facing a similar situation. They are professional, friendly, and will work with you and for you throughout the entire process.

Sincerely,

A handwritten signature in black ink that reads "Ray Moles". The signature is fluid and cursive, with a large, sweeping initial "R".
