Dear Mr. Evans:

On behalf of the Jewish Community Center I would like to extend our great appreciation in achieving a highly successful resolution of our insurance claim. For several months following the devastating hurricane our Board of Directors attempted to negotiate in good faith with Royal Insurance Company.

It soon became clear that the insurance company representatives were not fairly identifying the high quality materials and workmanship that exist on our property as a registered National Historical Building.

Your team of experts were able to properly identify and document the true extend of our loss. You then expertly presented and negotiated our claim in a manner, which fully utilized language of the insurance policy that was favorable to our position.

I would like to thank you for your professional assistance in helping us through a difficult and emotionally stressful process.

Very truly yours,

Mr. David Solomiany, Esq.
