I am not very good with words; I am much better creating something with wood in my studio. Were I to express myself in that way, I would fashion a unique plaque that would express our thanks and our gratitude for the fine job you did on our behalf.

At first I wanted nothing to do with your company. But when Steve Severaid arrived at my studio with my book and asked for my autograph, I couldn't help but let my guard down.

Steve walked me through the process slowly and patiently and had me realizing that just as I am a craftsman with wood, you are a craftsman with an insurance policy.

Sylvia & I wish to thank you for staying on top of our claim, helping and supporting us during this process. Let me not forget to commend the professionalism of your inventory staff. Feel free to have anyone call me for a recommendation.

Warmest Regards,
