To Whom It May Concern:

In October of 1988, our Company suffered a major fire. In dealing with the insurance company, I quickly found I was not educated in these difficult insurance negotiations.

Bob Lucurell, of Adjusters International, was recommended to me as a professional who would represent my interest, interpret my insurance coverage and as someone with experience who could tell me what to expect and who would assist me in preparing for it.

Ultimately, Bob enabled me to realize my maximum coverage. The fees were minimal in consideration of the maximum settlement we received due to the professionalism that was exhibited in the handling of our claim. Adjusters International is well networked in the insurance claim business. The personal attention our company received did not go unnoticed.

I highly recommend Mr. Bob Lucurell and Adjusters International.

Sincerely,

Bruce Breiwick
President
