To Whom It May Concern:

This past year our church facility incurred severe storm damage that left our beautiful sanctuary and administrative office a devastating mess. We were left with many questions and uncertainties about repairs and costs in addition to the displacement of our main worship facility! In the midst of this challenge Mr. Solomon of the Greenspan Company stepped in to take care of our dilemma. His service and expertise resulted in marvelous results for our church- our insurance company nearly tripled their settlement offer! We would like to extend our heartfelt thanks to you for all you've done!

Without a professional insurance counselor's representation any company or individual is vulnerable to their own insurance carrier's standards for settlement on a claim, and Mr. Solomon showed us the power and importance of professional and recognized representation. Utilization of the Greenspan Company's services and talented personnel is absolutely essential for a fair and favorable insurance settlement in today's business world, and we, as a church, have been tremendously blessed by their and Mr. Solomon's services.

Sincerely,

Rev. Troy Fair
