Dear Bill,

How can one thank you for being in the right place at the right time. You were there with compassion, understanding, and the best analytical mind for business and figures that we ever encountered.

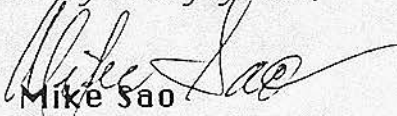

There were other companies that wish to represent us, on behalf of the fire that burned down one of the church building at 3111 Boston Ave, Oakland CA. Something inside of me says take the Greenspan company and I did not have any doubt.

Having you and your company served as the light of our church going thru the tunnel of destruction and devastation that surrounded us. Your company serves as a constant reminder that right, honest, truth, perseverance and brain power of the individual still survives, exists and wins in the American Way of todays business.

We can highly recommend your company to someone that may be in the same situation as we were in. The monitary recovery of our loss is a true tribute to you and your company.

Our total loss was fully recovered and more, the time was really fast and efficient. **Thank You Bill.**

Very Truly Yours,

Mike Sao
