Dear Sir:

I received the bill from you and Ted for services rendered. I can't imagine money so well spent! It was indeed a privilege, pleasure and education to work with both of you. If I ever have another loss, God forbid, I'll call you first, so we don't have the delay and the hassle.

Thank you both for a very professional job. It's clear why everyone says you're the best in the business.

Warmest regards,

Edwin L. Silliman, Jr.
