Gentlemen:

I have recently completed all of the reconstruction on my office at 5755 Valentine Road in the City of Ventura and, as you know, you have completed the settlement negotiations with the fire insurance company insuring the building.

I wish to take this opportunity to express my appreciation of the manner in which your office, particularly Mr. Gordon Scott, handled this matter on my behalf. It is all too rare to experience a business relationship which provides such a satisfactory result.

Because I am so totally satisfied, I will highly recommend your firm to anyone I know who has the unfortunate experience to suffer a similar loss. I would like to commend Mr. Scott in particular, for his invaluable aid in this matter and although I know it does not mean a great deal, say thanks again.

Very truly yours,

David T. Bartlett
