Dear Mr. Greenspan:

After my fire loss earlier this year, you offered your services and I signed a contract. Last week I received a final settlement check from the underwriter, and I sent the balance of your fee.

I am writing now to thank you for your services. The fee was reasonable, your people were competent, and the settlement was more than I had hoped for.

I would recommend your organization to anyone needing assistance in settling a fire loss.

Sincerely,

*Ken Farson*
