Subject: receipt of settlement letter

I made a mistake and my other e-mail to you about FrsTeam bounced back. Please acknowledge that you received the authorization letter to settle the claim I just e-mailed you.

You have Carlos's and my eternal gratitude. You brought tears to my eyes with your kindness and generosity. We won't forget what you've done for us. Hopefully, at the end of this painful journey, we will be able to reward you with more than words and sentiment.

The twins can count on copies of my children's books as soon as I can get some from my publishers. Abrazos,

Lucha
