Dear Bill,

This letter is to express our sincere thanks for all your help in settling our insurance claim after the fire March 21, 1990. You will never know what a relief it was to have a person like yourself working in our behalf while we were free to try to continue our everyday operations plus getting the new building constructed. We feel that your experience in dealing with the insurance company was beneficial to us and took a big load off our shoulders.

Again, thank you for a job well done.

Sincerely,

Daniel L. Wagler
