

Dear Bruce

I would like to tell you what a good job Sherry White has done with the personal property claim. This is the last submission so I hope I have done everything alright. This is the claim for draperies and I don't know for sure which ones I have used already. I sent the \$50 claim for redoing the ends of the draperies. I didn't want to pay it but she would not give me an invoice to send in if I didn't pay it. There is a claim for cleaning soot on the rug and furniture at my house for when Mom and Jim were here.

I have been very happy with Greenspan and would give you a very good recommendation.
