Dear Ken,

Just a note to let you know that I appreciate all of your help. When we had the fire on our rental house in San Jose last June, I knew that we in for a tough time with our insurance company. The load you took off of our shoulders was tremendous. There is no doubt in my mind that had I trusted the insurance company to take care of my claim I would have received at least 40% less. Every penny of the \$45,000.00 settlement was justified and due us, but after talking to the adjuster I now know it is his job to make sure that we got the least amount possible. I can tell you I thought that this would never be behind us, but it is today! Please feel free to use me as a reference anytime!

Thank You,

Peter Carling

P.S.

Thank you Trish for you interest and personal touches during a stressful period of our lives.
