To Whom It May Concern:

My introduction to the firm, The Greenspan Co. / Adjusters International was made through my attorney, stemming from a business interruption loss lawsuit with an insurance company. He highly recommended that I retain The Greenspan Co. as the adjustor for the case. The person who assisted me was Mr. Chris Glenister.

I found both the firm and Mr. Glenister to be very professional and experienced. Judging from my personal experience, I am both pleased and confident to suggest their services to others. Their work was timely and concise. Although my specific business circumstances were unique compared to others, Mr. Glenister allocated time to familiarize himself with my business' details and apply his professional knowledge to prepare the case. I believe this attitude distinguishes The Greenspan Co. from its competitors.

I definitely recommend The Greenspan Co. / Adjusters International to those persons or businesses that find themselves in circumstances requiring this type of service.

Sincerely,
