South San Francisco, CA 94080

On October 5, 2007, M.A.R.'s Engineering suffered a massive fire, considered by the Fire Department to be one of the two major fires of 2007. We lost everything!

With the assistance of The Greenspan Co./Adjusters International I was able to pick up the pieces and continue running my business without the headache of having to deal with insurance issues. You handled our case with tremendous expertise and were able to get us a phenomenal settlement.

Due to the assistance you provided, M.A.R.'s was able to pull together to rise above the unfortunate situation. You certainly lightened our stress in a very difficult time. Thank you for being such a pleasure to work with and for always dealing so diligently with all of our concerns.

Sincerely,

  
Manny Ambrosio  
President
