Dear Shelly:

I'm taking just a few moments out of my busy day to let you know that it was a real pleasure working with you on the fire loss of our property on Brownell St.

We are very pleased with the settlement you negotiated for us and the expeditious way in which this matter was handled.

Again, many thanks and be assured that if we should have the need of using an insurance adjustment company in the future, we will call upon the Greenspan Company.

Very truly yours,
