Dear Mr. Scott:

I just wanted to thank The Greenspan Company for their efforts in handling the insurance claim involving my home.

I travel extensively and I did not have the time or energy to deal with the claims details. Through the efforts of my adjuster, Jessica Bivens, my claim was settled for policy limits on both the building and my personal contents. Though this situation was very inconvenient for me, the claim portion was not.

I am very satisfied with the results obtained by Jessica and The Greenspan Company and will recommend your company to anyone who experiences the same kind of loss.

Sincerely,

  
Mikial Nijjar
