Seattle, WA 98122

Dear Bob,

Thank you for your professional assistance on the Wainwright school/generator facility and contents loss claims. As you know the North Slope Borough has highly trained individuals in several departments capable of handling most of the claims requirements. Even so, we felt that it would be in the best interest of the Borough to enlist the services of a professional adjusting firm.

You and your firm provided the expertise necessary to effectively negotiate with the insurance company adjusters. Each time we reached a stalemate with the insurance carriers representatives, your firm was able to successfully negotiate for the Borough.

Your involvement led to a very equitable settlement on the Wainwright fire adding over a million dollars to the initial offer. Additionally, payments were received promptly allowing a positive cash position throughout the rebuild of the project.

Going into negotiations without the services of a professional adjusting firm is like going into court without a lawyer. Thanks again for your valuable service.

Sincerely,

Daniel R. Fauske
