Adjusters International  
Seattle, Washington 98122

Adjusters International helped us through our claims procedure after the complete loss of our hardware store building due to fire. They approached the whole process in a professional and aggressive manner allowing us to rebuild our business in a timely manner and obtain the remuneration we were due in our insurance policy.

We would recommend any business that has a substantial loss to use them as a liaison between the insurance company and yourself.

Pacific City Builders Supply

A handwritten signature in black ink that reads "Robert Rissel".
