Dear Arnie:

I wanted to take this opportunity to say thank you to you and your Company for the efficient manner in which you assisted us in our fire damage claim.

Working with you was a pleasure and your professionalism was paramount in concluding a difficult negotiating process. Without your help and assistance, I would not be confident that we would have brought the matter to a successful resolution.

Again, thank you for all of your help, advice and assistance.

Sincerely,

Donald J. Waldman
