Dear Harvey:

Steve Fischer and I want to thank you for the box of Titleists. I'm sure you will be happy to know that at least on my part, the GGG symbol is prominently scattered throughout a number of golf courses in this area.

I'm sure that you'll appreciate that although I would normally close a letter by saying I look forward doing business with you in the future, due to the nature of your business, I'm hesitant to express this sentiment. However, Steven and I take comfort in the knowledge that, when we do need your services, they are performed in the highest professional manner.

Kindest regards,

GREENHOOT COHEN
