Dear Mr. Hamlin:

Once again I wish to thank you on behalf of the Central Association for the Blind and Visually Impaired for the appraisal of the postage machines that you so very kindly did (and then redid!) for us.

The exciting news is that with your help, we have now been able to sell the entire business. The proceeds from this generous gift will be used to provide continuing services to blind and visually impaired adults and children living in our community. You have helped to make this possible!

Sincerely,

Robbie Millet
