Dear John;

I am writing to you to tell you how pleased we are with your service. We had never heard of your company before the fire and did not even know that your kind of service existed in this area.

I do not know how we would have been able to correctly determine the amount of loss without your service. The amount of the settlement was very fair. We would have settled for thousand of dollars less.

If you would like, you can use me as a reference.

Sincerely,

Sherwood Smith for
Mr. & Mrs. Frank Stead
