To Whom It May Concern:

I had a fire in my home on Memorial Day Weekend 2004. The fire did little damage, or so I thought. My sister's friend who is also a public adjuster in Massachusetts called Darin Checchia and told him of my situation. Although it was a holiday weekend Darin called me and got to work that night. It was not a large claim yet Darin and everyone at Adjusters International treated me as though I was their most important client. Along with dealing with the insurance company he put my mind at ease so I could start putting my life back together. As for my claim Darin got me tens of thousands of dollars that I never would have known I was entitled to. He is worth every penny and then some.

I strongly recommend Darin Checchia if you have any sort of insurance claim do not go up against the insurance companies by yourself. He is compassionate, professional, and tenacious so let him do your fighting. Please feel free to contact me if you still need convincing.

Sincerely,
