Dear Sirs:

The Village of Middleville has received a settlement check from the Hartford Steam Boiler Insurance Company. This was after the \$500.00 deductible was removed and without your company's assistance, our settlement would have been 50% less.

John Militello acted very professional, courteous and in the Village of Middleville's best financial interest. Your bill for representing the village was minimal compared to the big difference you made in the final settlement.

Thank you very much and I will highly recommend your services to anyone in need.

Sincerely yours,

  
Mayor Leo A. Lynch

Village of Middleville
