Mr. Ron Cuccaro
President & CEO
Adjusters International
126 Business Park Dr.
Utica, NY 13502-6302

Dear Mr. Cuccaro,

On April 15th, 2007, The Village of Irvington, along with many municipalities in our area of Westchester County, experienced extensive damage from the storm that has come to be known as the April 15th Nor'easter. Shortly after the storm, on May 23rd, 2007, the Village was contacted by Frank D. Booher, State Project Officer for the New York State Emergency Management Office and Gary Wagner, Project Officer for FEMA. Frank and Gary took us through the process of securing funding to repair the damage in such a manner that it was a pleasure to work with these two gentlemen. In a very professional manner Frank and Gary explained the process in terms easy to understand, walked us through the process and were always available to answer questions. Many thanks to Frank and Gary, for their assistance in securing the funds necessary to repair the damage sustained here in the Village of Irvington and easing the burden on our taxpayers.

Sincerely,

Greg Nilsson
Superintendent of Public Works
