To the Team at Basloe, Levin & Cuccaro, Ltd.

Thank you very much for all the efforts and your professionalism you put into taking care of my claim. It was very quick and with no hassle for me, I don't think there was or is anyone that can do a better job, especially that I hear now what my friends in this Hurricane Katrina hit area are going through now dealing with their insurance companies. I am very appreciative of all the help with the emergency work as well, and I know you have gone out of your way to help me with this. I would highly recommend you and your firm to anyone I know.

Sincerely,

Sunny Patel
President
