RE: Commercial Fire Damage
On Sept. 11, 2006

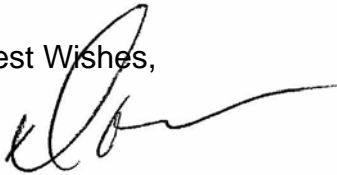

Dear Arnie:

I can't thank you enough for the professional manner in which you represented my interests through my fire loss. There would have been no way for me to understand the process in dealing with my insurance company to obtain what was necessary to rebuild and repair my building. The process was long, but with your expertise in adjusting and understanding the responsibilities owed to me through my policy, I was more than adequately compensated for my losses.

With all the Adjusters at my doorstep the morning after the fire, I had to make a quick decision as to who I wanted to represent me. I was not only lucky to select The Greenspan Company, but couldn't have asked for a more sincere person in you to keep me informed, and keep on top of the settlement negotiations with my insurance company. My interests were protected in a process I knew nothing about, and had no one to advise.

I thank you, and I commend you for the finest representation a person could ask for. When the need should arise again either for myself or any of my friends, you can be assured that you will be highly recommended by me.

Best Wishes,

Dov Sandler
