Dear Mr. Greene:

This letter is to thank you and your associates for all of your help in securing us a fair and timely insurance settlement following our restaurant fire on June 3, 2012. In an hour's time, we watched our livelihood literally go up in smoke. The stress a situation such as this puts on a person (and in our case a married couple) is something one cannot be prepared for. We realized early on that we could not deal with this claim on our own and knew we needed either an attorney or a public adjuster. We are so happy that you contacted us and that we chose to enlist your services.

Craig Becker did an outstanding job for us. We were very impressed by the professionalism and more importantly the compassion shown to us by him as well as other members of your team we dealt with.

We have no doubt that without your services, we would have settled for much less than we were entitled to. We hope that we are never in need of your services again but in the unlikely event that we are, we will not hesitate to contact you.

Sincerely,

Susan M. Spaeth
