Dear Mr. Greene,

It is with great pleasure that I write this recommendation letter for your firm and I encourage anyone reading it to listen to what Globe Midwest-Adjusters International has to say.

Losing our home and all our possessions was a most difficult and wrenching experience. Learning what it would take to correctly put together a claim made it seem like an overwhelming job. With a business to run, I couldn't imagine where the time would come from, and I was concerned my business would suffer from all the distractions.

Globe Midwest-Adjusters International proved to be exactly what was needed! The GMAI team took charge of the claim process and I couldn't be more pleased with the results. Your contents specialist, Lisa Goldmann, did outstanding work! It's not just that she achieved a pay-out of 100% of policy limits. The intense effort and exacting attention to detail were impressive to watch in action. We would not have had the patience or the knowledge to produce the results she did.

The Senior Adjuster on the team, Howard Mishne proved his expertise by thoroughly investigating all our coverages and exploring all our options. When he determined that GMAI could not improve a part of the claim due to a limits issue, you immediately offered a modification of the fee agreement. What could be more impressive than that! You and your team proved that GMAI is an ethical company that does business the way it should be done.

The results GMAI achieved were outstanding! My wife and I would have endured months of aggravation trying to do what needed to be done if Globe was not in the picture. I heartily recommend Globe Midwest to anyone going through a large insurance claim.

Sincerely
