Greetings to all,

It is a breath of fresh air to be fully back in business and operational after the severe fire we experienced. I have been in business for 40 years and never had an event of the magnitude of the car fire. I am very thankful for the skill and professionalism Matrix brings to the rescue in a situation like this. I am certain without the help of Matrix we would still be struggling with repairs and going back and forth with the Insurance Company if we were still in business at all.

I would never go to a major Court event without an Attorney and I can't imagine going through an accident like this one without Professional help.

Again: Thank You Matrix  
Warm Regards

George A Brodin
