Huronspan Corp:

This company is #1 as far as I am concerned. They came around when I was feeling so helpless and alone. They came in as if they were family! They were there physically and emotionally. This company did every thing first class, from the work, making sure it was done correctly and as much to make sure I was happy.

I pray to the Lord nothing like this happens again but if it did the first person I would call would be Frank Cardeto and Huronspan Co.

With all my heart,

Thank You

Thank, Vivian 
& all who helped.
